

Fertility Centers of Illinois Introduces the River North Center for Reproductive Health

Opening August 26, 2024!

Fertility Centers of Illinois is thrilled to announce the August 26th opening of the **River North Center for Reproductive Health**, our brand-new surgical center dedicated to helping you grow your family.

The new facility enhances our ability to offer the latest advancements in fertility treatment to support you on your journey to parenthood.

- New on-site services
- 4 operating/procedure rooms
- New state-of-the-art IVF and embryology lab
- Male and female services now in one convenient location
- Advanced on-site options for treating the underlying causes of infertility

 **River North Center for Reproductive Health**

 361 W. Chestnut, Chicago, Illinois 60610

Exciting Changes Ahead: We're Here to Help Every Step of the Way

As we transition to the new River North Center for Reproductive Health, please contact your care team with any questions. We are committed to continuing high-quality patient care.
