

IN HONOR OF NATIONAL INFERTILITY AWARENESS WEEK

---

# FERTILITY AWARENESS CHECKUPS ARE BEING OFFERED FOR FREE

If becoming a parent is one of your future goals, there is no better time to become aware of your reproductive health than right now. The earlier you determine your fertility, the more options you have when you eventually decide to pursue parenthood.

#### What is a Fertility Awareness Checkup?

A Fertility Awareness Checkup will help you in your journey to plan a family by providing an initial overview of your reproductive potential. This can help alleviate stress, as well as save valuable time and financial resources in your path to become a parent.

#### How do you get your Free Fertility Awareness Checkup?

All Fertility Awareness Checkup appointments booked from **April 1 through June 30, 2019** will be free (\$90 value). This checkup includes blood tests and an ultrasound for women and a semen analysis for men. Schedule a free Fertility Awareness Checkup by calling **877.324.4483** or by filling out our appointment request form at **FClonline.com/Fertility-Awareness**.

#### What are the Instructions for Scheduling the Checkup?

- You must print out this form and bring it with you to your appointment.
- Appointment must be scheduled between **April 1 through June 30, 2019** and all testing must be completed within 60 days of initial contact with Fertility Centers of Illinois' Call Center staff.
- A consultation with a Fertility Centers of Illinois physician is not included in this offer. If such appointment is necessary, it will be booked separately.
